Mrs. Fannie Anthony informs the Star that the big and pretty cotton rose plant at the postoffice is not the only one in town, as she has a fine one, loaded with blossoms, in her yard. It also grew from a cutting sent from Bellevue by Miss Tremere. Dr. Smith also has one of the beautiful plants in his yard. The Star is indebted to the doctor for the information that the flower is entitled to the appropriate name of the Confederate rose.

Prof. J. H. Brinson visited during the week the following schools: Keystone, Homeland, Cotton Plant, Martel and Capulet white schools and Wachula, Jerusalem, Sulphur Springs, Wesley Chapel, Magnolia and Martin colored schools. This morning he started for Kendrick and Martin, thence he will go to Fairfield and through the north western part of the county to visit both white and colored schools. He will be gone the balance of the week.

Mr. David S. Woodrow will leave Saturday for a prolonged stay in the north and east. Mr. Woodrow has some big business on foot and may be away from home till after the Christmas holidays. His first stop will be in Jacksonville for a few days, then to Huntington, W. Va., where he will stay with his friend, Mr. B. W. Partridge for some time, and thence to Chicago and later to New York City.

OCALA SOCIAL AFFAIRS

(Continued from Third Page)

Mrs. F. E. Wetherbee was the lovely hostess yesterday afternoon of the Ladies' Aid Society of the East Broadway church. The members assembled at her pretty home at three o'clock and spent the afternoon in sewing and pleasant conversation. The hostess served hot tea, sandwiches, sherbet and cake to her guests at the conclusion of the busy hour. Attending the meeting were Miss Mamie Taylor, Mrs. Whitfield, Mrs. C. E. Winston, Mrs. J. H. Spencer, Mrs. H. M. Chambers, Mrs. B. F. Borden, Mrs. Hightower, Mrs. Blocher, Mrs. Jordan, Mrs. William Smith, Mrs. C. H. Dame and Mrs. R. L. Martin. The afternoon was delightfully spent and the meeting adjourned to convene with Mrs. Winston next week.

Mrs. R. L. Martin was a guest yesterday afternoon of Mrs. D. E. McIver, coming up from Lake Weir especially to attend the silver tea.

Mrs. Marshal M. Sims of Washington, Ga., arrived yesterday for a lengthy visit to her daughter, Mrs. L. N. Green and family. Mrs. Sims spends a portion of each winter in this city and has a legion of friends who will be delighted to see her again.

Mr. and Mrs. Leon Fishel and dainty little daughter left this afternoon for Leesburg, where they will in the future make their home. This charming couple will be greatly missed from Ocala social circles, where Mrs. Fishel especially has become so essential to the success of public as well as social affairs, being most generous in aiding in all affairs of a musical nature. Mrs. Fishel is one of our city's most cultured and sweetest singers.

Mr. and Mrs. Frederick C. Benjamin of Alexandria Bay, N. Y., are expecting to spend this winter here, the guests of Mrs. Benjamin's aunt, Mrs. J. A. McClymonds on Lime street. They will come down early in January.

The Ladies' Aid Society of St. Phillips' Catholic church was entertained yesterday afternoon by Mrs. J. A. Tucker. There was a splendid attendance and the ladies spent a most profitable afternoon in needlecraft, after which Mrs. Tucker served delicious refreshments.

Mrs. F. E. McClane will entertain the members of the Baptist Sewing Circle at her home on Thursday, at an all day party. This promises to be a very interesting and delightful occasion and is being anticipated with great interest and pleasure.

Mrs. Eulenfeld and daughter, Miss Hilda Eulenfeld, motored in this morning from their home at the Oklawaha Farms. They were accompanied by Mr. Schmidtman, of New York, who is staying sometime at the famous plantation.

The many friends of Dr. and Mrs. L. F. Blalock will regret to learn that they have made all arrangements and will leave about the 20th of next month for Miami, where they will in the future make their home. Dr. Blalock and his estimable family have resided among us for many years and all Ocala will part with them most reluctantly, for in church and social circles they will be greatly missed. Their host of friends have only the very best wishes for their success and happiness in their new home in the city by the sea.

PICTURE SHOW FOR COLORED PEOPLE

It isn't generally known, but it is the fact, that the colored people of Ocala have a large and well conducted moving picture theater on South Magnolia street.

A Star reporter strayed around that way yesterday evening, and was invited to look in. He found a large and well arranged room, which at the time was well-filled with the colored folks, who were greatly enjoying this excellent amusement. The pictures were by the best movie companies, the light was good and the pleasure of the crowd was increased by a large and vigorous orchestra.

George Giles and the other promoters who are so active in improvements for their race in Ocala are responsible for this enterprise, which is a most praiseworthy one.

The reporter, on his way back to the square, stopped at the corner of South Second and Magnolia to make some comparisons. A few years ago there was nothing at the intersection of the two streets but marshes and shanties—a habitat of ill-health and immorality. Now there is the three-story Metropolitan block, with its bank, neat drugstore, offices and big public entertainment hall, the St. George block, with several good stores, besides a hotel and barber-shop, with the movie theater on the next corner, all built by and for the colored people. They have done a good work for themselves and the city.

The Star highly approves of the colored people having such things of their own. They stimulate their ambition and remove cause for friction with the whites. In all such work, they deserve the approbation and assistance of the white people.

Penny Wise and Pound Foolish

The cost of living makes every woman look to see where she can save money, which, of course, is sensible and proper if not carried too far.

In the case of food it would be foolish to attempt to substitute sawdust for a breakfast food because it is cheaper. Everyone knows sawdust has no food value and its use would be a positive detriment to the health.

Royal Baking Powder, which is made from cream of tartar, adds only healthful qualities to the food.

The difference in cost of a pan of biscuits or of a cake made with Royal Baking Powder as compared with cheap alum or phosphate of lime powders is about one cent, which is surely too small an amount to warrant the risk.

Uncle Eben.

"I ka'n't help bein' superstitious about Friday," said Uncle Eben, "but I recognize dat it ain' so much what you does on Friday dat brings bad luck as what you sidesteps on Friday an' five or six other days a week."

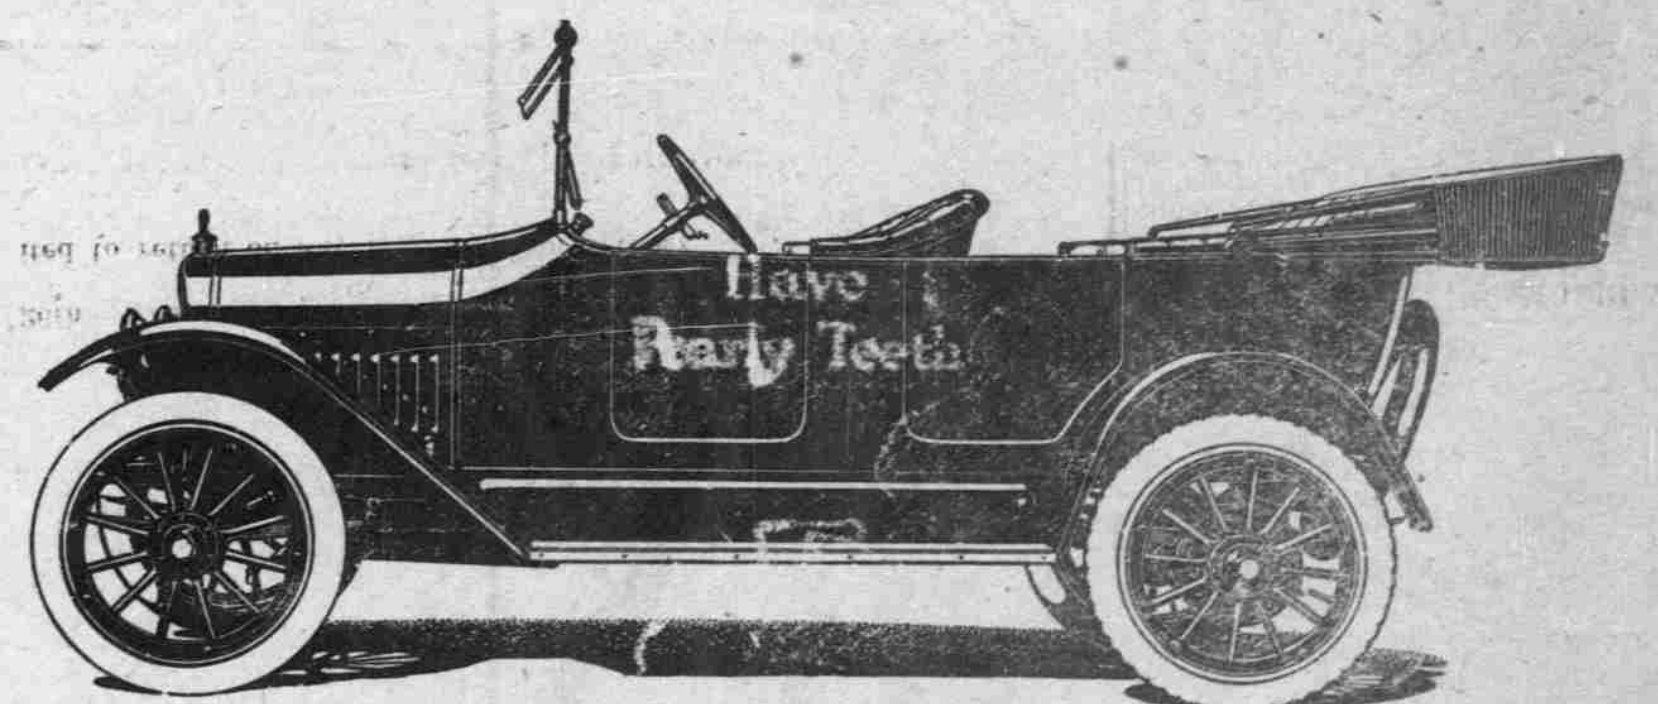

To Save Gas.

An excellent way to save gas is to remove the tip, insert a small piece of raw cotton in the pipe and replace the tip. This lessens the pressure and a more even and a softer light is obtained.

You can depend
absolutely on this milk

You can depend on Carnation Milk to be absolutely clean, sweet and pure. It is all of that when opened—and keeps longer than ordinary milk after opening.

CARNATION MILK

Clean—Sweet—Pure From Contented Cows

Carnation Milk is the rich, pure, sweet milk from healthy cows, evaporated to the thickness of cream—then hermetically sealed and sterilized to preserve its wholesomeness. It is secured under ideal conditions, and handled in the most sanitary way. Nothing is added—nothing taken out but water. It reaches you free from impurities—absolutely safe—thoroughly sterilized.

For baby to drink—for the whole family, Carnation Milk is highly desirable, convenient and economical. Use it for cooking, baking, whipping, candies and at the table.

Order it from your grocer—"The Carnation Milkman"

Pacific Coast Condensed Milk Company,
Seattle, Wash., U. S. A.

Try this Oyster Stew Recipe

Melt 2 tablespoons butter; add 2 tablespoons flour, 1/2 teaspoon salt, dash of pepper, and mix well. Add a cup of water and 1 cup Carnation Milk; cook until it thickens, stirring constantly. Add a pint of oysters and heat until oysters are warmed through.
